MDU Resources Expanding Natural Gas Service to Kindred, Wahpeton

BISMARCK, N.D., July 26, 2021 /PRNewswire/ -- Montana-Dakota Utilities Co. and WBI Energy, Inc., both subsidiaries of MDU Resources Group, Inc. (NYSE: MDU), today announced plans for a natural gas pipeline expansion project in eastern North Dakota that will provide more natural gas to customers in Wahpeton, North Dakota, and extend natural gas service to Kindred, North Dakota.

"We are excited to provide additional natural gas to the cities of Wahpeton and Kindred," said David L. Goodin, president and CEO of MDU Resources. "Natural gas is an abundant resource in North Dakota, and we are proud to be able to help residential and commercial customers take advantage of this low-cost fuel option."

Montana-Dakota Utilities has secured utility customer contracts that require approximately 10 million cubic feet of firm natural gas service per day in Wahpeton, which exceeds the volume of gas that can be delivered on an uninterrupted basis to the city through the existing transmission pipeline.

To fulfill the additional customer demand, WBI Energy plans to construct a 60-mile, 12-inch natural gas pipeline expansion and ancillary facilities to Wahpeton. The expansion will have capacity of 20

million cubic feet of natural gas per day and is expected to cost approximately \$75 million. Upon receipt of all regulatory approvals, WBI Energy expects to begin construction in early 2024 and have the pipeline in service in late 2024.

"Wahpeton has been working diligently to bring this additional capacity to our region to mitigate interruptions in service and provide for future opportunities," said Wahpeton Mayor Steven Dale. "Wahpeton has been, and will continue to be, a location of choice for value-added ag processors. Additional firm natural gas supply is vital to keeping Wahpeton at the forefront of those businesses."

As part of this project, Montana-Dakota Utilities also will extend natural gas utility service to the city of Kindred, at the request of city officials and residents.

"We have new housing developments and commercial properties interested in building in Kindred," said Kindred Mayor Jason DuBord. "Many city residents, businesses, ag processors and surrounding property owners will benefit greatly from access to a firm natural gas supply."

Otter Tail Power Company Planned Power Outage

The Kindred sub-station is in need of repairs and maintenance. A planned power outage is scheduled for **August 10 from 6:00 am—8:00 am**. This will affect customers within Kindred city limits. Residents can call Otter Tail Power Company at 1-800-257-4044 with any questions.

City Council Meetings - Agenda Guidelines

Are you interested in attending and presenting information to City Council at an upcoming City Council meeting? To get on the agenda, you must contact the Auditor at City Hall at least ONE

WEEK prior to the meeting at which you wish to present. If you do not meet the one week deadline, you can be put on the next month's agenda.

Please DO NOT put plastic bags into the compost dumpster!

Please do not place plastic bags of grass or leaves into the containers. Residents must empty the plastic bags. There will be a receptacle available for plastic bag disposal.

Compliance with these rules will help to maintain the low cost of this service. Non-compliance causes additional work for our city employees and the city may incur possible additional charges from Waste Management, which will result in increased cost of this service for residents or discontinuation of this service.

THANK YOU FOR YOUR COOPERATION!

The City of Kindred's new website is now LIVE! Still a continual work in progress, but check it out at...

City of Kindred Summer Update

From Mayor Jason DuBord

If you have any experience in the world of volunteering, you know that it can be challenging. I often think that volunteering involves more “appointing and coaxing” than it does organic offerings of time and money. I don’t mean to rag on the process for it is extremely important to the success of our community. I have found that volunteer volatility often reflects the amount of enthusiasm behind the cause.

At the end of this month many of us are looking forward to attending the largest Kindred Community Days to date. The Community Club has blessed us with more activities, more vendors, and more ways to celebrate Kindred than ever before. One of the biggest reasons, in my opinion, to be proud of this event is that it’s entirely volunteer driven. Even more impressive, the volunteers have come forward, uncoaxed, freely giving. Hope to see you at Kindred Days and if you see a Community Club member, please be sure to thank them!

“Volunteers are not paid -- not because they are worthless, but because they are priceless.”

City of Kindred Garbage and Recycling Calendar

Garbage pickup is every Tuesday and recycling pickup is every other week on Tuesdays. Some holidays or weather may delay service. See calendar below.

1. Place your totes curbside by 6:00 a.m. to ensure they are emptied.
2. Place totes a **MINIMUM distance of three feet** between each tote and other obstacles to provide enough room for the truck’s mechanical arm. Your totes may be skipped if there is not adequate room.
3. Make sure the lids are closed so contents remain dry.
4. All garbage totes should be placed on the curb or boulevard - DO NOT place them on the street.
5. Remove your garbage and recycling totes in a timely fashion, to ensure streets are cleared for any street maintenance.
